CLIP AND SAVE 

RECENT VILLAGE COUNCIL ACTION

- The Village Council passed Resolution R7D authorizing the Village Manager to acquire all needed easement property for the construction of the Phase One Sewer Line to replace a portion of the Village's aged, deteriorated and unreliable existing infrastructure. This measure will allow the Village to move forward on this important project, which is part of the Village's Utility Master Plan.
- The Village Council discussed a proposal from Florida International University (FIU) to assist in the creation of a unified Shuttle Bus System to operate among Bal Harbour Village, the Town of Surfside and the Town of Bay Harbour Islands. This proposed system would coordinate the routes and times to provide better connectivity among the three municipalities and surrounding destinations such as Miami Beach, Sunny Isles Beach and the Miami-Dade Transit System. This approach could also potentially create a single service provider, resulting in reduced costs and improved efficiencies. Once the FIU study is completed, the Council will discuss publicly for further consideration.
- The Village Council discussed the findings of the Architectural Review Board (ARB) from their January meeting. The ARB recommended to the Council that a process to review the architectural and historic significance of buildings in the Village be created. The Village Council unanimously passed a motion to direct the ARB to review a previous survey and report on Village Historic Structures. The Council also directed the Village Attorney to draft an Ordinance for consideration by the Village Council that would expand the responsibilities of the ARB in relation to historic/architecturally significant structures within the Village.

DONATED K-9 WILL KEEP THE VILLAGE SAFER

The Bal Harbour Police Department has added a high-profile specialist to the force: Gina, a female Golden Labrador. Although Gina looks like a friendly family pet, she is a real K-9 working dog. Gina has already undergone extensive training focusing on detection of all types of bombs and explosives in a wide variety of situations.

This valuable dog was trained at the United States K-9 Academy and purchased by the Miami Beach K9 Knights, who then graciously donated her to the Village Police Department. The Miami Beach K9 Knights is a non-profit organization of dedicated individuals who identify where specialized K-9s are needed and then purchase and donate the dogs.

Gina and her handler, Officer Braxton McClams, are currently completing training to enhance their police skills as a team. The instructors report that Gina is the top performer at the school. Once all the training is complete, Officer McClams and Gina will begin proactive patrol of the Village, providing enhanced safety for businesses, residents and guests.

(L-R) With K-9 Gina are Officer and K-9 Handler Braxton McClams, Chief Mark Overton, Village Manager Jorge M. Gonzalez and Captain Mike de la Rosa.

NEW ROAD DELINEATORS TO ENHANCE TRAFFIC AND PEDESTRIAN SAFETY

Residents may have noticed the plastic poles installed between the traffic lanes along south bound Collins Avenue in front of Founders Circle. These lane separators/delineators will enhance pedestrian safety and the orderly flow of south bound vehicular traffic. The delineators are designed to prevent vehicles from unlawfully switching lanes, crossing through the pedestrian cross walk and illegally traversing Collins Avenue to enter the Bal Harbor Shops entrance. This is another example of our continued efforts to maximize pedestrian safety. Bal Harbour Village purchased, installed and will maintain these devices.

South bound traffic pass newly installed lane delineators on Collins Avenue.

CRIME PREVENTION TIPS FROM BAL HARBOUR POLICE DEPARTMENT

The Bal Harbour Police Department will be providing a crime prevention and safety tip each month in the Village newsletter. Crime prevention is everyone's responsibility, not just a job for law enforcement. Please share the suggestions below with neighbors, friends and family. Bal Harbour is a very safe community, but remember that the two elements of crime are opportunity and desire. These tips can eliminate or greatly diminish the opportunity for a crime.

- Never open your door automatically. Install and use a peephole.
- Be wary of unsolicited offers for repairs to your home. Deal only with reputable businesses.
- A concerned neighbor is often the best protection. Report all suspicious persons and activities to police promptly.
- Notify neighbors and the police when traveling. Have your mail held by the Post Office or ask a neighbor to collect it.
- Never let a stranger into your home. Do not leave notes on your door when you are gone, and do not hide your keys under the mat or in other conspicuous places.
- Never give out personal information over the phone.
- If you arrive at home and suspect a stranger may be inside, DO NOT GO IN. Leave quietly and call 305-866-5000. A Bal Harbour Police Officer will be there within minutes to assist.
